The Complete Peanuts

*By
Schultz*

In The Complete Peanuts: 2001-2002 (Vol. 27), the Van-Pelts get a Windows computer system, leading to many internet posting, sharing, and video chats with the Peanuts gang... Schroeder launches a campaign against the mp3 (he won't even try an Ipod!). Elsewhere, Joe Cool starts trends here and there, and the world famous surgeon is hard at work curing HIV, H1N1 and other epidemics.
